### What is Hardest Hit Fund Rhode Island (HHFRI)?

The U.S. Treasury has given funds to Rhode Island Housing to help prevent foreclosure and stabilize the housing market. HHFRI is the program that will distribute the U.S. Treasury Funds.

### Who Qualifies?

HHFRI will only be available to homeowners who have a documented qualifying financial hardship and have exhausted all options to maintain mortgage payments and avoid foreclosure. You may qualify if:

- You own a 1 to 4 family home or condominium and occupy it as your primary residence.
- Your gross annual income is less than \$89,280 if there are 1 or 2 people in your home; or less than \$104,160 for a household of 3 or more.
- Your monthly mortgage payments, including taxes and insurance are greater than 31% of your gross monthly income.
- You have no financial resources of your own (except for \$15,000 or less in savings). You can have any amount in a retirement account such as a 401(k) or IRA savings plan.
- You have a documented financial hardship that has affected your ability to make your mortgage payments, such as:
  - unemployment or underemployment;
  - death or disability of a key wage-earner;
  - unforeseen medical expenses.
- Deployed members of the U.S. Armed Forces or those discharged within the last 12 months who have experienced a drop in income. (This applies to all personnel in regular and reserve components of the Army, Navy, Air Force, Marines and Coast Guard).
- Note: Prior HHF recipients are eligible, subject to maximum household assistance limits.

### What's Available?

Assistance will address your unique situation BUT generally breaks down into the following areas:

- Help to make an immediate payment to save your home, such as unpaid property taxes.
- Help to make mortgage payments while unemployed or underemployed.
- Help to obtain a loan modification from your lender.
